25 YEARS AGO: In the June 2001 District Monthly Report:

- District Procedure 2-01 “Standard Response Guidelines” and “Disaster Response Plan” were approved by Chief VanCamp and placed into effect. These were basic checklists of steps in responding to various types of incidents and included experience/feedback from the February 2021 earthquake events (which caused over \$91 thousand in damages to District property).
- The volunteer responder incentives program was expanded to offer stipends for volunteers pulling on-duty shifts during weekdays.
- District staff worked with local developer John Mance on mitigating measures for impacts from his residential development adjacent to Station 8-3 (Puget Road NE) in order to protect the District’s water well-head.
- The Board approved the partnership Northeast Thurston Cooperative (“NET”) safety and accident prevention program; Kathy Dickson from Lacey Fire District 3 was named the manager of the NET program efforts.
- The total expenditures for the District in June totaled \$48,644.
- During the month, the District experienced 4 times a second “tone” was required, and 2 times a third “tone” was required; of the 42 calls in June, 9 had only one responder.

2026 District Goal #1 Status Report

June

STATUS:**On Track****Some Delay/Difficulty****Significant Impact**

The District will evaluate its progress with the *District Five-Year Incident Readiness & Response* (“IR&R”) *Master Plan* (2024-2028) implementation process and determine if any adjustments are indicated for (a) recruitment, (b) selection, (c) on-boarding, (d) initial training and (e) deployment of both volunteer and career responders into the District IR&R force. The goal is to have 25 volunteer and 28 career responders by the year 2028 that will meet requirements for round-the-clock staffing of South Bay Firestation 8-1 and North Olympia Firestation 8-3.

- 1) Chief LeMay will oversee the implementation of volunteer and career hiring and promotional activities commensurate with the Master Plan approved by Chief VanCamp for 2026 events by December 2026. Three members graduated from the South Sound Recruit Academy (SSRA) for Firefighter in June.
- 2) Chief LeMay will provide Chief VanCamp a “strength, weakness, opportunity and threats” analysis of the Master Plan efforts during 2025 to determine what, if any, changes to assumptions, planning or implementation are indicated, by June 2026. Draft report submitted to Fire Chief in April; complete.
- 3) If any changes are indicated, Chief VanCamp will consider the recommendations and develop relevant recommendations for Board review and approval by September 2026. Fire Chief reviewing content for final recommendation. Consideration being given to potential outcomes of ongoing regional collaborative discussions with Lacey Fire District 3.
- 4) Chief VanCamp will continue to provide monthly data for on-duty and response statistics to the Board and provide trend analysis to determine impacts from the implementation of the Master Plan. Ongoing.

2026 District Goal #2 Status Report

June

STATUS:

On Track

Some Delay/Difficulty

Significant Impact

The District's Community Outreach Team ("COT") will continue to develop and refine its delivery of community education and risk prevention activities while exploring opportunities to increase public interaction to improve District transparency and support community resiliency to hazards and risk.

-  1) Secretary Stumpf will provide Chief VanCamp an "strength, weakness, opportunity and threats" analysis of the COT efforts during 2025 to determine what, if any, changes to planning or implementation are indicated, by March 2026. Complete.
-  2) Secretary Stumpf will provide Chief VanCamp a list of specific deliverables intended to expand two-way communications between the District and the community, by May 2026. The communications should include feed-back processes from customers regarding their satisfaction with District services. Complete.
-  3) Secretary Stumpf will provide Chief VanCamp a consensus based proposal on potential programs that could be offered by the District to improve community resiliency to hazards and risk (e.g. fall prevention, fire prevention, preparations for storms, first-aid/CPR training, "Fire-Wise" wildland-urban interface protection, etc.) by July 2026. Draft plan submitted to Chief VanCamp in June; in process of reviewing.

2026 District Goal #3 Status Report

June

STATUS:

On Track

Some Delay/Difficulty

Significant Impact

Recognizing that high quality service depends on the fitness, training and operational readiness of its responders, the District will investigate, examine and promote member access to (a) proactive physical and mental health training, (b) team mentorship and positive cultural alignment, (c) routine peer support, (d) regular physical and mental examinations/assessments and (e) member and their immediate family engage in the District's wellness culture.

- 1)  The District Safety Committee under the direction of Chief Hall will conduct a broad survey and review of existing organizational health & wellness initiatives that could be applicable to a District-sponsored program and provide a report to Chief VanCamp by April 2026. Chief Hall meeting with each shift in July to review survey results and receive feed-back; based on that work, the second focused survey will be conducted.
- 2) The District Safety Committee under the direction of Chief Hall will conduct a survey of members regarding input on a) their interest in potential health & wellness support activities (e.g. physical training, nutritional support, social engagement, etc.), b) their interest in potential peer support for physical and mental health and c) their interest in potential physical and mental health examination/assessment opportunities and provide a report to Chief VanCamp by July 2026.
- 3) Based on the reports submitted (from objectives #1 and #2), Chief VanCamp will convene an ad-hoc committee with representatives from a) the South Bay Firefighters' Association, b) IAFF Local 2903, c) the Board and d) senior District management to develop a long-range strategy for implementation of an integrated, durable and member-centric health and wellness program by October 2026. Any significant budgetary implications could be considered for the District's 2027 annual budget.

2026 District Goal #4 Status Report

June

STATUS:

On Track

Some Delay/Difficulty

Significant Impact

The District will conduct a review and update of its Incident Readiness & Response (IR&R) policies, procedures and operational guidelines to conform with its *District IR&R Master Plan* (adopted 8 October 2024). This is a carry-over of work planned for 2025 but not completed.

NOTE: Due to delays in county-wide development of standardized procedures by the Thurston County Fire Chiefs' Association Operations Chiefs' Committee, two draft procedures will continue to be pending for some time: 1) firefighter accountability on the fireground, and 2) natural gas and propane emergencies. Because of this delay, Chief VanCamp considers Goal #4 complete for all intents and purposes and will no longer report progress. *This will be the final report on 2026 Goal #4.*

- 1) Chief LeMay will continue the direction of internal teams developing new and revised procedures and operational guidelines. Internal teams will ensure procedures and operational guidelines are coordinated to the extent practicable will neighboring agencies for compatibility and operational efficiency.
- 2) Chief LeMay will submit the draft updates to Chief VanCamp for review and approval by February 2026.
- 3) Chief VanCamp will submit draft District IR&R *policy modifications* to the Board for their review and approval by March 2026.
- 4) Chief LeMay will be responsible to ensure implementation of the operational changes to District IR&R policies, procedures and operational guidelines no later than June 2026.
