25 YEARS AGO: In the September 2001 District Monthly Report:

- Subsequent to the September 11th terrorist attacks, District staff were monitoring the various response and planning efforts on a national, state and local level. A significant threat appears to have existed for future attacks, including use of weapons of mass destruction. Specific training for awareness & command at such incidents was being planned for in the near future. The District also participated in observances for memorials for the fallen New York City responders.
- The first draft of the *2002 Business Plan* was prepared by the District Management Team and forwarded to the Board for it review and comment. This was the first annual business plan developed by the District in concert with its new *District Strategic Plan*.
- An analysis of the proposed Initiative 747 was provided to the Board by Chief VanCamp. As the likelihood of the measure passing, plans were being made for a budget scenario reflecting the 1% limitation on revenue growth.
- The District responded to 51 calls, of which four calls were responded to by only one member and there were no “second tones”.

2026 District Goal #1 Status Report
September

STATUS: On Track | Some Delay/Difficulty | Significant Impact

1) **Chief LeMay will oversee the implementation of volunteer and career hiring and promotional activities commensurate with the Master Plan approved by Chief VanCamp for 2026 events by December 2026.** Complete.

2) **Chief LeMay will provide Chief VanCamp a "strength, weakness, opportunity and threats" analysis of the Master Plan efforts during 2025 to determine what, if any, changes to assumptions, planning or implementation are indicated, by June 2026.** Complete.

3) **If any changes are indicated, Chief VanCamp will consider the recommendations and develop relevant recommendations for Board review and approval by September 2026.** With notification of cessation of potential merger discussions with Lacey Fire District 3, *2027 Budget Policy Recommendations* "Plan B" are being forwarded for Board approval; recommendations include a "freeze" on hiring and promotion of career IR&R staff in 2027.

4) **Chief VanCamp will continue to provide monthly data for on-duty and response statistics to the Board and provide trend analysis to determine impacts from the implementation of the Master Plan.** Ongoing.

2026 District Goal #3 Status Report

2) **The District Safety Committee under the direction of Chief Hall will conduct a survey of members regarding input on a) their interest in potential health & wellness support activities (e.g. physical training, nutritional support, social engagement, etc.), b) their interest in potential peer support for physical and mental health and c) their interest in potential physical and mental health examination/assessment opportunities and provide a report to Chief VanCamp by July 2026.** Complete.

3) **Based on the reports submitted (from objectives #1 and #2), Chief VanCamp will convene an ad-hoc committee with representatives from a) the South Bay Firefighters' Association, b) IAFF Local 2903, c) the Board and d) senior District management to develop a long-range strategy for implementation of an integrated, durable and member-centric health and wellness program by October 2026. Any significant budgetary implications could be considered for the District's 2027 annual budget.** Chief Hall will work with Executive Team in establishing and conducting ad-hoc committee mission.
